

Frequently Asked Questions

- **Why are there so many different registration paths?** This helps to ease our record keeping workload. If we set up just one registration path for all members, the cost of the computer system with the ability to differentiate and segment the information would be very expensive. Not all of our registration paths require payment. Therefore, we ask the member to choose the registration path that relates to them.

Choose the “*Join the RPOC (Initial Membership)*” tab if you are not currently a member. You must be an honorably retired, federal, state, county, or city law enforcement officer, correction officer, or you are a retired department employee who was employed in direct support. Your fees will not be refunded if you do not meet this criteria.

Choose the “*Pay Annual Dues (Renewals only)*” tab to continue your membership.

Choose the “*Senior/Life/Honorary Members Renewal*” tab to continue your membership if you are more than 75 years of age. There is no fee.

Spouses of deceased retirees may also join or continue their membership. During the registration process please list the deceased retiree in the “Spouse and/or Significant Other” block and type in (*deceased*) after the last name.
